FOR LIBERTY

A Constitutionally
Grounded Voice for
the 6th District of
Tennessee
#CMondayForLiberty

Why I'm Running

I'm not running to be a career politician — I'm running to restore the integrity of our Republic and reestablish the principles that made America strong: liberty, limited government, and personal responsibility. Tennessee deserves a Representative who will boldly defend the Constitution, not compromise it for convenience or political gain.

As a Tennessean grounded in conservative values and a deep respect for the Founding Fathers, I stand for the people — not for party elites or bureaucratic power.

My Commitments to You

- **Fiscal Responsibility**

Government must live within its means. I will fight for a balanced budget, eliminate wasteful spending, and oppose reckless borrowing that burdens future generations.

- **Defending the Consti-**

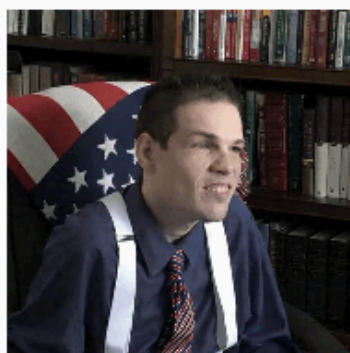

tution The Constitution is not up for reinterpretation. I will stand firm in defense of the Second Amendment, free speech, religious liberty, and the full Bill of Rights.

- **Protecting the Right to Life** I believe every life has value. I will defend the unborn and fight for a culture that respects life from conception to natural death.

- **Limited Government** The federal government should be restrained by the Constitution. I will oppose federal overreach and return more power to states and individuals.

Meet Christopher

Christopher was born in Charleston, South Carolina, while his father was stationed at the Naval Base. During labor, complications

led to a loss of oxygen, causing Cerebral Palsy. When his father completed his naval service, the family moved to Tennessee, where Christopher grew up.

Though his Cerebral Palsy affects his muscles and nerves, it never affected his drive. He graduated from high school with honors — proof that hard work and perseverance are stronger than any obstacle.

Christopher knows what it means to struggle — and to overcome. That's the same determination he'll bring to Washington, working for the people he seeks to represent.

Join the Liberty Movement

Now is the time for bold action and principled leadership. If you believe in a government that serves the people and protects our God-given rights — stand with us.

Volunteer, donate, and help spread the word. Your voice matters. Together, we can restore the Republic.
